FRANK L. BEADLE, Editor

GRADE NOTES

Mrs. F. J. Wilt visited school last week.

The third grade is busy with Thanksgiving stories.

Several students have returned to school after illness with sore.

Harold Heideman, with his beautiful curls, entered school this week.

Miss Hubbell: "I want to send a present to a niece and nephew of mine. I wonder what I'll get." Miss Greenwald: "What are they, boys or girls?"

Miss Merrill is still absent on account of illness but the 8th grade mathematic class is progressing splendidly under tutelage of George Beadle, Y. H. S. alumnus.

Considerable excitement was caused in the eighth grade room last week by the debate given Friday afternoon. The subject for debate was "Should there be a high tariff in our country?" with Pearl Bright, Faye Wight and Russell Smith for the affirmative and Bernice Evans, Bernice Farley and Richard Bradford on the negative. It was a very close debate but was decided in favor of the affirmative.

HIGH SCHOOL NOTES

The physiography class is now studying the Constellations.

Miss McCall will give her first program next Friday afternoon.

The senior class has decided on its play, "The End of the Rainbow."

We have just received some new Victrola records but Mr. Reynolds still has his favorite selection.

Olin Beavis and Rawley Hallman attended the Cornell-Michigan game at Ann Arbor last Saturday.

Ford says that the weakest point in the Articles of Confederation was that they weren't strong enough.

"Punk" Williams wishes to organize a bowling team since he has won great popularity by playing in Capax.

Miss McCall's physiology class has reached its highest point of learning. They are studying and examining the skull.

We are afraid there is something wrong with Hilton's neck causing him to look back so much which also causes one of the shy little Junior girls to blush.

The football game with Marlette for Thanksgiving day has been cancelled for some obvious reasons and a home game is expected to be scheduled for that date.

The first 15 minutes on Tuesday and Friday mornings hereafter will be occupied by singing. Tuesday we adopted and began learning a new high school song.

Physics class is now studying mechanics of liquids but owing to the disagreeable atmosphere of the laboratory caused by the experiments of our worthy chemists, they are not enjoying their course.

Friday of last week our football team journeyed to Marlette to play their annual game with that high school. True to the record of the last four years, our team failed to score. Though our team played consistent football, they were in check by the superior weight of their opponents. The features of the game were the tackling by full-back Beadle, the end runs by Muir, the drop-kick by Van Norman and the long passes of quarter-back Simington of the Marlette team. Final score 07 to 0 was not discouraging to the boys since Marlette has not been scored on in two years. Our team still has three games on her schedule. The next game is at North Branch Friday of this week.

OBITUARY.

Miss Amanda Dooley, aged 55 years, died at her home, 2025 Poplar street, Port Huron, Tuesday morning of this week. The funeral will be held at 10 o'clock Friday morning from the residence and interment will be made in Lakeport cemetery.

Miss Dooley lived here with her parents for a number of years, and after the death of her father the family moved to Marlette, afterwards going to Port Huron where the mother died four or five years ago, since which time she and her sister Georgiana have resided in that city. Mrs. Stephen Bowers of Yale and Mrs. Chas. Griggs, of near Peck are also sisters.

Miss Dooley was a member of the Methodist church of Christ.

The Expressor extends sympathy to the bereaved family.

The many friends of William A. Holden were grieved to learn of his death at midnight Tuesday, at the age of 49 years. For several years he has suffered from stomach trouble and several noted specialists were consulted but no relief was the result. A week ago he was feeling in good spirits and decided to go to Standish, where, in partnership with his brother John, of this city, he had a cattle ranch. His brother Neil resides there. On Sunday deceased was taken with a bad spell and continued to grow worse until Tuesday when word was sent to his brother John to come at once, but before reaching Standish, the spirit had passed away. A widow and two children, seven brothers and a host of friends are left to mourn his early demise. The funeral will be held in Port Huron tomorrow, Friday.

Obituary next week.

The ladies of Yale and West Brookway will hold a union bazaar December 10 and 11 in the Yale Methodist Protestant church parlors. Fancy articles and home baking will be sold.

Work of County Agriculturist

The time last week was quite largely given over to farm visits. Most of these had been requested some time ago but, owing to other work, especially that in connection with the farm sanitation project, they had of necessity been delayed. A large part of this work consisted of soil testing which, along with other matters of miscellaneous nature, made an interesting week.

On Wednesday calls were made at the farms of A. J. Smith and Ernest Miller in Lynn township; and Alvin Belden and George Chapman in Mussey. It was interesting to note the good results Mr. Smith had obtained from the use of tile. Through the agency of tile drainage he has converted a waste piece of land into a valuable field, and it is hardly necessary to say that he is a strong advocate of tile drainage and will extend the work on other portions of his farm as soon as the necessary outlet can be obtained.

This work was continued in Mussey township on Friday on the farms of William Bowers and J. O. Cook. Both these men are planning to sow a field of alfalfa in the near future. Indications are that Mr. Bowers has succeeded in getting his soil fairly well inoculated, as plenty of nodules were found on the roots of the alfalfa plants which grow from seed which had been mixed with clover.

Probably the most important event associated with the work last week was the re-organization of the Farmers Club of Mussey township at the home of William Bowers, northeast of Capax. Owing to the death of some of the leaders in the work and a combination of other circumstances, the meetings were discontinued in 1910, and the gathering at Mr. Bowers' place last Thursday constituted the first meeting held since five years ago. About twenty-five people were present from Emmett, Berlin and Mussey townships, and almost everyone took an active part in the meeting. No program was rendered, as the entire time was given over to organization matters and the election of the following officers: President, Albert Towse; vice president, Wm. Bowers; secretary, Mrs. George Belden; treasurer, Miss Addie Toach; organist, Miss May Belden; program committee, Albert Toach, F. A. Pets, Alvin Belden, Mrs. Savage and Mrs. Geo. Belden; entertainment committee, W. Bowers, R. E. Cannis and Mrs. Harry Hill. It was decided to hold the next meeting on the second Thursday of each month, and the club will meet in December at the home of R. E. Cannis in Mussey township. It was also voted to name the organization the Union Farmers Club.

The life of no community is full or complete without a local association of some kind to take care of the needs which the individual alone is powerless to accomplish. There are yet too many localities in which the auction sale or a Saturday in town constitutes the only agencies to bring the people together to discuss their problems, and it is hoped that in time every community in St. Clair county may enjoy the benefits of an efficient organization.

C. L. Brody, County Agent.

The Governor's Proclamation

The people of the United States are grateful to the Infinite Father for their capacity and disposition to appreciate the bounties of nature. Through this appreciation, man cheerfully applies his labor to the earth in order that his country may serve as a means for realizing the essential joys of life. Abundant harvests are simply a necessary means to an end. The measuring unit of life is not to be found in bushels of grain, or potatoes, or fruits, or coal, or copper, or silver, or gold, or houses, or lands, but in the laughter of children around the hearthstone, in the love and loyalty of the home. "Home is the nation's safety." In the year nineteen hundred fifteen, we are grateful for the benediction that rests upon the American home. In the great Commonwealth of Michigan we are, in common with all other states, the recipients of the richest blessings. It is eminently fitting that we set apart November twenty-fifth as a special day for Thanksgiving—a day on which we may pray for "peace on earth, good will to men."

Therefore, I, Woodbridge N. Ferris, Governor of the State of Michigan, do hereby designate Thursday, the twenty-fifth of November, as a day for all the people of this Commonwealth to celebrate in Thanksgiving and prayer.

Given under my hand and the Great Seal of the State this sixth day of November, in the year of our Lord one thousand nine hundred and fifteen, and of the Commonwealth the seventy-ninth.

Woodbridge N. Ferris, Governor.

M. P. Church Notes

REV. CHAS. BRAGG, PASTOR

Dr. Lena Starr of Adrian will assist Rev. Bragg in the quarterly meeting on Sunday.

The W. W. class spent a very pleasant social evening, Wednesday, at the home of Mr. and Mrs. Eldon Martin. Roll of honor for last month in the L. B. C. are Mrs. Spencer, Mrs. Middleton, Mrs. Than Graybiel, Mrs. H. Doelle and Mrs. Wm. Hyde. The average attendance per Sunday was 20.

The intermediate class of boys are pleased to have Rev. Bragg as their new teacher.

Coming to town—the big Hagenbeck-Wallace Shows—Street parade and all at the Princess Theatre Saturday, Nov. 13 afternoon and evening.

The champion laugh maker Charlie Chaplin at the Princess Theatre Tuesday, Nov. 16.

FOR SALE—Corn in shock. About four acres. For further particulars call on or address Alex Halstead, two miles north and 1/4 mile west of Yale. 31-3

Rev. E. H. Bradford, Pastor.

Big Fire at Melvin This Morning.

Fire broke out early this morning in the carpenter shop of the H. J. McInnes Lumber Co. at Melvin, and before it was discovered the flames had gained considerable headway, and the entire lumber yard was destroyed, two cars of shingles being all that was saved. The planing mill which belongs to the company was saved by the use of the chemical engine.

How the fire started is a mystery, but it is supposed that one of the men who was working in the shop Wednesday accidentally dropped a match and it started the conflagration. The loss estimated at \$30,000 and the plant was insured for \$20,000.

The company will rebuild at once.

Good Roads For Yale

County road surveyor Worchester is in Yale this week surveying and setting stakes for the grading of 2 1/2 miles of road west of Yale and 1 1/2 miles east of Yale. A profile of the grade will be made and it is hoped and expected that the farmers of the surrounding country will have pride enough to unite with the highway officers of Brockway township and help do the grading. After this is completed the county commissioners will spend \$2000 to \$4000 in graveling.

A bee is called for next Monday to fill in the gully between the city and cemeteries. Men with shovels are invited to come out and help in the good cause.

Sam Bettes Heard From

Lewiston, Mont., Nov. 2, 1915.
Hello Old Yale

If I forget the dear old Yale let my right hand forget to scratch my head. It is the place where I was dogged out of melon patches and Jones' orchard, where I was spanked, manled and kicked when I was a boy and I never got a lick unless, unless they missed me. In school I was always next to the head of the class—there being but two of us in the class, Will Wedge and myself. Well may God love and bless you all.

Sam G. Bettes.

Hagenbeck-Wallace Circus, Princess Theatre, Saturday, Nov. 13, afternoon and evening 10 and 15c.

Charlie Chaplin in Mabel's Strange Predicament, Princess Theatre, Tuesday, Nov. 16.

Attend to your Christmas shopping early.

NOW, when you're happy, healthy and earning, why not see that nothing comes to cloud the happy horizon of your home?

Make Their Happiness Secure

Why not see that your financial foundation is secure; sturdy enough to withstand the storms of misfortune, reverses, sickness or idleness, so that those at home will not feel the pinch of adversity, now or later.

There is a feeling of comfort in the knowledge that the loved ones are protected against discomfort by the money you have saved, or invested wisely.

Prepare for the future. It's never too late. Open an account here and put your affairs on a permanent basis.
